

Chairmen  
for the  
2025 edition:  
**Pr Elie Azoulay**  
& **Pr Samir Jaber**

# INTACT CONGRESS PROGRAM

## Intensive Treatment And Critical Techniques

To update specialists of acute care medicine on new guidelines, new therapeutic strategies and ongoing controversies in the management of acutely ill patients.

**FRI**  
**6**  
**JUNE**  
**2025**

**1PM**

Welcome to the INTACT Conference  
by Lisa Lozano, Choisir Agency

**1:55PM**

Welcome to INTACT:  
Pr E. Azoulay, Paris; Pr S. Jaber, Montpellier  
France

**2-2:30PM**

Featured Speaker:  
The Future of Clinical Trials in ARDS.  
D. Talmor, Boston, USA

## Room A

**2:30-4PM**

**The standard of Care in Hypoxemic Respiratory Failure**

**Chairs: L. Pisani, T. Mauri**

- HFO therapy, from acute to chronic. **Lara Pisani, Bologna, Italy**
- Practice-changing data in immunocompromised patients.

**E. Azoulay, Paris, France**

- Asymetric nasal prongue. **T. Mauri, Milan Italy**
  - HONIVAH study volumetric measurement of lung and airway area.
- S. Jaber, Montpellier, France**

## Room B

**2:30 to 4PM**

**New insights into ICU monitoring**

**Chairs: JA Paiva, N Ge**

- Improving safety through data analysis
- Predicting ICU acquired events
- Nex devices and new paradigm of ICU monitoring systems
- Rapid response team. New insights

**COFFEE BREAK AND VISIT OF THE BOOTHS**

**FRIDAY**  
**JUNE**  
**2025** **6**

## Room A

**4:30-6PM**

**The digital revolution in the ICU:  
towards useful and usable data**

**Chairs: M. Wilkening, S. Jaber**

- Accessibility and quality of medical data: a dream come true.  
**M. Wilkening, Mannheim, Bade-Wurtemberg, Germany**
- Before AI, decision support processes in ventilation  
for medical teams. **S. Jaber, Montpellier, France**
- Silent ICU: improving the care and work environment. TBA

## Room B

**4:30-6PM**

**Invasive Pulmonary Aspergillosis:  
Therapeutic Challenges in 2025**

**Chairs: A. Kallil, J. Maertens**

- Invasive Aspergillosis in patients with hematology malignancies.  
**J. Maertens, Leuven, Belgium**
- Invasive Fungal infections in solid organ transplant recipients.  
**A. Kallil, Nebraska Medical Center, Omaha, USA**
- Invasive fungal infections in non-immunocompromised  
critically ill patients. **E. Azoulay, Paris, France**

**6PM**

**Featured Speaker: The Future of Clinical Trials  
in analgo-sedation**

**S. Mehta, Toronto**

**SAT**  
**7**  
**JUNE**  
**2025**

**8:30AM** Breaking Barriers:  
A New Era of Academic-Industrial  
Cooperation.

**9AM** Featured Speaker:  
Antimicrobial Resistance:  
the Future of Infection Control. **JA Paiva**

## Room A

**9:30-11AM** Complement-Mediated critical care illness:  
identifying new targets  
**Chairs: G. Mehta, V. Lemiale**

- A clinical situation in the emergency department. **P. Castro**
- Complement-mediated hemolytic and Uremic Syndrome.  
**E. Azoulay**
- Complement blockade: the 2025 pipeline. **TBA**

## Room B

**9:30-11AM** Optimizing Perioperative oxygenation: New Paradigms  
**Chairs: E. Noll & Mai-Anh Nay**

- Apneic oxygenation: what every physician should know  
in perioperative medicine. **Eric Noll**
- HFNC during non surgical procedures with sedation. **Mai-Anh Nay**
- Post operative high flow oxygen therapy: **S. Jaber**
- Post operative management of obese patient. **Audrey de Jong**

**COFFEE BREAK AND VISIT OF THE BOOTHS**

**SATURDAY**  
**JUNE**  
**2025** **7**

## Room A

**11:30-1PM**

### **Thrombotic Thrombocytopenic Purpura: Unraveling Its Many Faces**

**Chairs: E. Azoulay, C. Pascual**

- Introduction on TMA and TTP. **Elie Azoulay, Paris, France**
- Diagnosis of cTTP: childhood, adulthood and pregnancy,

**Cristina Pascual, Madrid, Spain**

- The CNR MAT registry to collect RWE: **Paul Coppo, Paris, France**
- Diagnosing congenital TTP.

**Julia de Amaral Melo, Lisbon, Portugal**

- Conclusion: **Geeta Mehta, Toronto, Canada**

## Room B

**11:30-1PM**

### **Point, Probe, Diagnose: The Ultrasound Superpower in Critical Care**

**Chairs: O. Hamzaoui, J. Wellington**

- Echo saves life TBA
- Ten echo-tips for hemodynamic assessment.

**O. Hamzaoui, Reims, France**

- Point of care echography: where are we headed?

**Jonathan Wilkinson, London, UK**

**SATURDAY**  
**JUNE**  
**2025** **7**

## **RESEARCH MEETING**

**Pr S. Jaber, Montpellier; Pr E. Azoulay, Paris;  
Pr A. De Jong, Dr V.Lemiale, Paris**

**3-4PM**

### **Taskforce 1**

- Expert statement on ICU admission of cancer patients

**4-4:30PM**

### **COFFEE BREAK**

**4:30-5:30PM**

### **Taskforce 2**

- Statement about indications of bronchoscopy in immuno compromised patients with hypoxemic respiratory failure

**5:30-6:30PM**

### **Taskforce 3**

- Airway management in 2025 in operating room and in critically ill patients. How to improve intubation procedures?

SUN  
8  
JUNE  
2025

**9AM** **Featured Speaker:**  
**Infection and transplantation.**  
**A. Kallil, Nebraska Medical Center, Omaha, USA**

## Room A

**9:30-11AM**

### **Sleep quality and Home NIV**

**Chairs: Audrey De Jong; S. Jaber**

- Effect of bariatric surgery on respiratory function in obese patients: **Inès Lakbar**
- Noninvasive ventilation: from Acute to chronic care: **S. Jaber**
- Obese ventilation management. **Audrey De Jong**
- Sleep in critical care situations: what should we know? **Inès Lakbar**

## Room B

**9:30-10:30AM** **Optimal ventilation delivery**

- Oxygenation targets: understanding the challenge
- The decision to intubate: towards standardization
- Too much pressure in ARDS patient

**COFFEE BREAK AND VISIT OF THE BOOTHS**

SUNDAY 8  
JUNE  
2025

## Room A

**11:30-12:30PM** Optimizing hemodynamics in septic shock: update in 2025

**Chairs: TBA**

- Reducing heart rate: why and how, data from recent trials.

**Ines Lakbar, Montpellier, France**

- Vasopressin in septic shock: recent recommendations.

**M. Leone, Marseille, France**

## Room B

**11:30-12:30PM** Universal use of videolaryngoscopy

**Chairs: De Jong & Gomez-Rios**

- Videolaryngoscopy for all in the ICU? **S. Jaber**
- In the OR. **A de Jong, Montpellier, France**
- Guideline on Strategies for the Universalization of Videolaryngoscopy. **Manuel Ángel Gómez-Ríos**
- Videolaryngoscopy for the obese patient; **Audrey de Jong**

**12:30** Assessing Fluid Responsiveness

**JL Teboul, Paris, France**

**1PM** Conclusions: Take Home Messages from the 2025 INTACT and see you in 2026
